Summary

Final-year B.Tech Information Technology student with strong fundamentals in JavaScript, C++, and SQL. Skilled in building responsive and scalable web applications using modern frameworks and libraries. Passionate about problem-solving and continuously improving Data Structures and Algorithms skills.

Skills

Languages: JavaScript, C++, SQL

Frameworks / Libraries: React.js, Node.js, Express.js, Tailwind CSS, Bootstrap

Tools: Git, GitHub, VS Code

Core CS: OOPS, DBMS, Data Structures & Algorithms

Experience

Frontend Development Intern (Virtual)

June 2024 – August 2024

IBM SkillsBuild

Remote

- Completed structured modules on HTML, CSS, and JavaScript fundamentals.
- Gained understanding of UI/UX principles and responsive design techniques.
- Successfully cleared module-based assessments demonstrating frontend knowledge.

Projects

Job Portal | [React.js](#), [Node.js](#), [Express.js](#), [MongoDB](#) | [GitHub](#)

- Developed a full-stack job portal application using MERN stack architecture.
- Built responsive user interfaces for job seekers and recruiters using React.js.
- Integrated REST APIs for authentication, job posting, and application management.
- Implemented dynamic job search and filtering functionality to enhance user experience.

ApnaPaytm | [HTML](#), [Tailwind CSS](#) | [Live](#) | [GitHub](#)

- Developed a responsive Paytm UI clone focusing on layout structuring and design consistency.
- Implemented mobile-first responsive design ensuring cross-device compatibility.
- Designed reusable UI components to improve frontend maintainability.

Personal Portfolio Website | [React.js](#), [EmailJS](#), [CSS](#) | [Live](#) | [GitHub](#)

- Designed and developed a modern responsive portfolio website to showcase projects and coding profiles.
- Integrated EmailJS to implement a functional contact form without backend services.
- Implemented component-based architecture using React for scalability and maintainability.
- Deployed on Netlify with Git-based CI/CD workflow for automatic production updates.
